Dr Angelos Karatzias is a plastic, reconstructive and aesthetic surgeon with a license to practice in Cyprus, Greece, Croatia and the United Kingdom. He studied medicine in Greece / University of Thrace and proceeded to obtain a Master of Science in Wound Healing and Tissue Repair from the University of Cardiff.

Dr Karatzias performs a variety of facial, breast and body cosmetic procedures. As a Plastic Surgeon he focuses on flawless aesthetic results and simultaneously respects natural appearance. He is a fellow of the European Board of Plastic Reconstructive and Aesthetic Surgery (FEBOPRAS) and is currently practicing at Aretaeio Private Hospital in Nicosia, Cyprus. He is the medical director of Mobile Wound Healing Unit and has a special interest in wound healing of acute, subacute and chronic wounds. Dr Karatzias is also a highly specialised reconstructive surgeon and operates demanding reconstructive cases for restoring functionality of every part of the body.

CURRENT WORK STATUS

Practicing as a Plastic Reconstructive & Aesthetic Surgeon at Aretaeio Private Hospital in Nicosia working in collaboration with prestigious private clinics and doctors / surgeons of other specialties for achieving a multidisciplinary approach in the reconstructive cases and a successful / safe aesthetic enhancement in cosmetic cases.

Medical Director of Mobile Wound Healing Unit, a home care company dedicated to dealing with chronic wounds and traumas for people unable or unwilling to be transferred from their home, hospital or nursing home.
